University of Maryland
Department of Civil and Environmental Engineering
ENCE 100 – Introduction to Civil and Environmental Engineering
Spring 2003
Entry Survey – Please return by February 7, 2003

1. Why have you chosen to study Civil and Environmental Engineering (CEE)? If CEE is not your major, why have you decided to take this course?

2. Briefly define what Civil and Environmental Engineering means to you: (What do you think Civil and Environmental Engineers do?)

For items 8 through 13 below, please enter a value from 1 to 5 (1: I disagree strongly, 2: I disagree, 3: neutral, 4: I agree, 5: I agree strongly). It is alright if you don't know what a particular item is at this time. This is the purpose of this course!

3. ____ I want to become a Civil and Environmental Engineer.
4. ____ I am knowledgeable of the CEE undergraduate curriculum.
5. ____ I know what to expect during my academic career.
6. ____ I know what a post-graduation career in CEE will be like.
7. ____ I have plans to attend graduate school.
8. ____ I plan to become a registered Professional Engineer.
9. I know how to present myself well …
    a. ____ through my written work
    b. ____ through oral presentations
    c. ____ through web pages
10. I am aware of the following resources available to me …
    a. ____ tutoring programs
    b. ____ the CEE mentoring program
    c. ____ academic advising
    d. ____ personal wellness sources

11. Please indicate the one thing you most hope to learn in this class (use reverse side if needed).

12. Please indicate any questions you have about this class, the CEE department, or CEE as a career. These questions will be used to develop a Frequently Asked Questions (FAQ) page for this course. (Please use reverse side, if necessary.)
